COMMANDER'S POLICY MEMORANDUM #13

SUBJECT: USACE – Omaha District Environmental Policy Statement

1. The United States Army Corps of Engineers, Omaha District, recognizes that its day-to-day business activities have direct and indirect impacts on the environment. Consequently, we embrace the principles of sustainability, are committed to continual improvement, and work to minimize our impact on the environment through mitigation and pollution prevention. We commit to comply with pertinent environmental legislation, rules, and regulations. We endeavor to encourage environmental stewardship at every level throughout the organization, and have developed seven Environmental Operating Principles (EOPs) that provide the framework for identifying our impacts to the environment, establishing mitigation goals, and continually reviewing our environment targets and objectives.

Strive to Achieve Environmental Sustainability

- Consider Environmental Consequences
- Seek Balance and Synergy

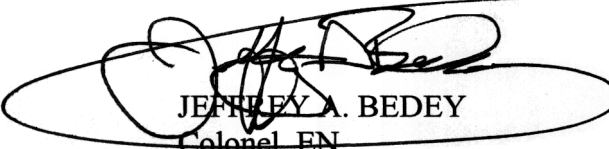

Accept Responsibility

- Mitigate Impacts

Understand the Environment

Respect Others Views

2. As the Commander and District Engineer of the Omaha District, United States Army Corps of Engineers, I affirm my commitment to this policy, and I pledge to make it available to all Omaha District employees, stakeholders, and interested parties.

JEFFREY A. BEDEY
